Aprašymas:

CREDITONLINE develops, implements and maintains a loan business management software. The company has been successfully operating since 2007 and has accumulated many years of experience in developing fintech service management solutions. Digitized and automated CreditOnline tools help clients to develop credit businesses in various countries around the world. We currently operate in 15 countries, including: United Kingdom, Denmark, Spain, Switzerland and the Baltic States. We have implemented over 150 projects worldwide. The company has three representative offices in different countries - United Kingdom, Argentina and Lithuania.
